

Local and global climate events
Community, staff and student voices

The Climate Action Plan is a living document that will:

- Prioritize sustainability
- Guide decision-making
- Systematize district wide processes
- Invite students, staff and community to join the process and take action

[Accountability and Benchmarking](#)

Gretchen shared with the group how benchmarking methodologies work and the challenges and benefits of doing the work of benchmarking.

Mark and Gretchen shared energy use intensity, EUI, for the 28 facilities in Bellingham Public Schools.

Mark shared with the group the potential next steps for benchmarking, levies and bonds and potential grants available to help support the work.

The group members celebrated their work with a gratitude board.

Meeting adjourned at 5:30 p.m.
